

# Mobile Technology

In today's fast-paced environment, you need information now, not just when you're in the office. With BMS, your documents and data are accessible anywhere at any time.

**BMS offers mobile-ready technology to ensure that you have access to information when you need it.**

More than just an online solution, our mobile-ready technology allows you to not only access your bankruptcy data while out of the office, but also all files, e-mail and data housed on your computer.

## Benefits of BMS' Mobile Technology Solutions:

- **Anywhere, anytime computing.** Designed for your on-the-go lifestyle – from your office, home, at the court, or the airport – at times that are convenient for you.
- **Flexible options.** Our mobile-ready technology gives you options to stay connected when you are away from the office based on your preferences.
- **Immediate remote access to case and office documents.** Our mobile technology allows you to log in to your office to access all case and office documents at your fingertips.
- **Improved communication and knowledge sharing.** Maximize communication within your office by optimizing exchange of information between any remote location and your main office through unobtrusive connectivity.

*“Having CaseLink Online on my laptop lets me leave the office and take ALL of my files with me. Whether at a 341 or on the beach, with an air card and CaseLink Online, I have instant access to all of my files including correspondence, notes and schedules.”*
