

BMS, INC. ACHIEVES RECORD CUSTOMER GROWTH IN 2008

IRVINE, Calif., March 25, 2009 -- Bankruptcy Management Solutions, Inc. (BMS) announces record customer growth in 2008 with a 65 percent increase in new customers over 2007. This growth represents bankruptcy trustees and other fiduciaries in both the Chapter 7 and Chapter 11 markets. In the Chapter 7 market, BMS welcomed 19 veteran panel trustees and nearly two-thirds of all newly appointed trustees in 2008 to the CaseLink software system.

“We are very pleased with the results of our business development team, which has been successful in promoting the benefits of BMS and our innovative software and support solutions,” said Raquel Edwards, Senior Vice President of Sales and Service. “We continue to receive feedback from the marketplace that our software is superior to any other in the industry. This is evidenced by our continued enhancements and first-to-market innovations. These innovations, combined with the services provided by our expert on-site account managers, field technicians and HelpLine staff, have been instrumental in bringing in a record number of trustees to the BMS community.”

“BMS has remained the leading provider of bankruptcy case administration solutions because of our continued investment in our technology and our commitment to customer service,” said William E. Rinehart, President and COO of BMS, Inc. “Our new customers have recognized the benefits that BMS provides. Our service and support team is the largest in the industry, which, along with our innovative technology, is the key reason that the majority of Chapter 7 trustees use our solutions to make them more efficient and effective.”

About BMS

Since 1987, Bankruptcy Management Solutions, Inc. (BMS) has been the industry’s leading bankruptcy case administration software provider. Our software solutions are designed to support the administrative and legislative requirements of Chapter 7 trustees, as well as a variety of bankruptcy fiduciaries. BMS understands the complexities involved in bankruptcy administration and has developed practical and easy-to-use solutions that automate and streamline bankruptcy administration, making trustees and bankruptcy fiduciaries more productive and profitable. BMS continues to develop innovative ideas to better meet the needs of those in the bankruptcy industry.
